

A Bomb Who Can + Explode

Bomb

Overview:

You play as a Bob omb who can not explode. He goes on a fantastic journey to find out why.

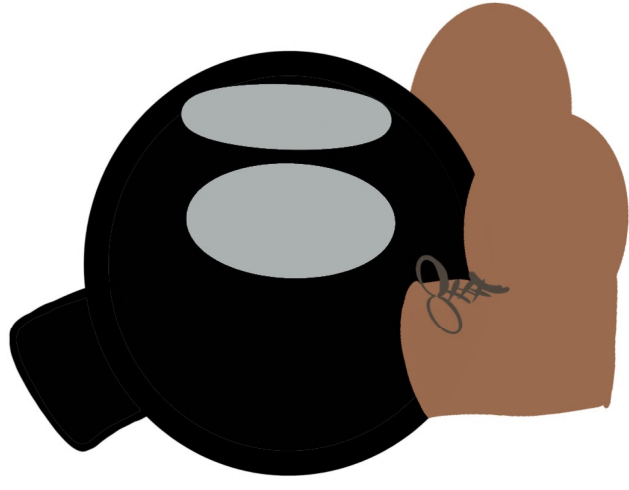

On his way to find out why he meets ton of friends.

A lot of them are not too bright (they have good intentions but they tend to blow up too early.)

The main mechanic of the game is to be in the right place at the right time.

The other bombs are not bright so you have to maneuver

around them so that they don't send you flying the wrong way! If your careful you can use their explosions to your advantage and send you flying in the correct direction.
